Achievement 3	Students seek every possible opportunity to use English during classroom activities.		Students make a moderate effort to use English during classroom activities.		Students fail to show comprehension of English and make minimal effort to use English during classroom activities.	
学科の到達目標項目との関係						
教育方法等						
概要	Students will learn common conversation phrases with basic grammar, and appropriate vocabulary from the textbook. The focus of the class will be improving confidence in speaking. To do this, students will participate in three types of learning styles - individual, pairs and groups. Students will learn to express themselves and give their opinions, as well as learn how to communicate confidently with other English speakers. in addition, students will learn to read and write to a sufficient level.					
授業の進め方・方法	Regular lessons will have the following structure. (1) warm up with a communication activity; (2) Textbook study to develop TOEIC strategies. (3) Practice exercises and mini tests to assess understanding.  Classes will involve a combination of reading, writing and talking, Students will have the opportunity to work individually and with other students to complete the tasks in the textbook and activities assigned by the teacher.					
注意点	It is important to attend all lessons and to revise class work through assigned homework to ensure retention of English communication skills and to be successful on the tests.
