Teaching Method					
Outline	By expressing things in different art forms including 2-dimensional portraying (sketching), 3-dimensional works (clay works), color (color materials), ideas (images), students refine their sensitivity and learn how art is related to real life.				
Style	Classes are mainly conducted through practical lessons on how to express things in different art forms. Liaison: John C. Herbert				
Notice	This subject is taught by a teacher who has been practicing town development for many years through his art work and writing activities as a contemporary art writer. Applying his experiences to practical lessons, he questions what art really means. This course requires individuals to take their own initiative. Students are required to create art with a motivated attitude. A F6-size sketchbook is used in classes. Do not forget things like tools. Tidying and cleaning up the classroom after lessons are mandatory. Students who miss 1/4 or more of classes will not be eligible for evaluation.
