教育方法等							
概要		The goal of this course is to give students a comprehensive set of language skills to use in an international context. We will study practical English based on real life situations. Most importantly, students will also have many opportunities to create English in a communicative way and use it in a meaningful context. Students will often work in groups and collaborate for communication and problem solving.					
授業の進め方・方法		1. Even if you feel shy, please try and speak as much as possible. 2. You must always bring the textbook and an electronic or paper dictionary. 3. Students cannot use their cellphones in class. 4. Feel free to come to my office to practice English conversation about anything you want 5. If students study well in class, there will be very little homework.					
注意点		Each test will also include a role play activity in pairs. Students will have classwork and reports to write. Finally there will be frequent oral evaluations.
