評価項目3	Students are able to acquire English skills useful for Engineers		Students are able to somewhat acquire English skills useful for Engineers		Students are not able to acquire English skills useful for Engineers		
学科の到達目標項目との関係							
函館高専教育目標 E							
教育方法等							
概要	Using meaningful and authentic content, students will become active speakers and listeners. They will discover some interesting topics that are essential tools to understand the world we live in. Students will improve their communication skills in English thanks to constant interaction and stimulation and become aware of current and global issues our world is facing.						
授業の進め方・方法	1. Even if you feel shy, please try and speak as much as possible. 2. You must always bring the textbook and an electronic or paper dictionary. 3. Students cannot use their cellphones in class. 4. Feel free to come to my office to practice English conversation about anything you want.						
注意点	In this class, we will use English as the main language for teaching in learning. Students may feel shy, or discouraged at first but if you hold on and do your best, you will understand that English is not hard, and it is very fun.						
授業計画							
		週	授業内容		週ごとの到達目標
