I Ishrinking		Ishrinkind	ation, which has proceeded especially since early 90's, has a great influence on our politics, economy lety. We are also facing global issues such as global warming and global pollution, which cannot be without global coordination and cooperation. In addition, Japan has scarce natural resources and g domestic market due to an aging population and low birth rate. It is therefore really important for "aware" of and gain insight into this big change. This course provides an opportunity to grasp the g of globalization, focusing on international politics, international economy and global issues.
