By the end of this course, the students should be able to prepare 5-minute English presentations, and they should understand the cultural norms of giving presentations in an English speaking context.

To this end, the students will be required to work on improving their English communication and presentation skills in the following areas as described in the textbook:

1) Creating a confident "Physical Message" which utilizes good posture, eye contact, gestures, and voice inflection.

2) Displaying a clear "Visual Message"

3) Writing a well structured "Story Message" with a good introduction, body, and conclusion.

教育方法等

概要	The objective of this course is to develop the oral English communication skills necessary for winning a high school levelEnglish speech/presentation contest. The course will focus onstrategies for creating and delivering presentations, and plentyof English language support will be provided by the textbook andthe teacher as needed.				
授業の進め方・方法	Every two weeks, we will practice a different technique for displaying confidence in English presentations, such as making good eye contact, showing natural gestures, using audience-friendly visual aids, and so on. Each technique will be practiced in a short (2-minute) speech. Then, all of the techniques will be combined and used for a final, 5-minute English presentation.				
	Active participation in English is essential for completing thiscourse successfully. During this class, being more
