到達目標						
Students should confidently be able to initiate and participate in advanced level English conversations at the completion of this course. Students will improve their English skills by immersion in extensive reading, intensive vocabulary study and through classroom tasks and discussions.						
ルーブリック						
	理想的な到達レベルの目安		標準的な到達レベルの目安		未到達レベルの目安	
評価項目1	Read more than 400,000 words and achieve reading and listening fluency at or above Common European Framework Level C2.		Read more than 100,000 words and achieve reading and listening fluency at or above Common European Framework Level B1.		Read less than 100,000 words and not achieve reading and listening fluency at or above Common European Framework Level B1.	
評価項目2	Master 2000 previously unknown vocabulary words.		Master 500 previously unknown vocabulary words.		Master less than 500 previously unknown vocabulary words.	
評価項目3	Fluently master advanced English usage in an academic context.		Master advanced English usage in an academic context.		Not master advanced English usage in an academic context.	
学科の到達目標項目との関係						
教育方法等						
概要	The aim of this course is to improve English vocabulary knowledge, comprehension and application through expression using various forms of English discourse, focusing on communicating in their fields of study. This will be achieved through extensive comprehensible input, (extensive reading and listening,) intensive reading, a variety of interactive classroom tasks, (pair work, group work, mini-tests, individual presentations) and through homework tasks (including extensive reading and listening, book reports and journal writing). Expression and comprehension of technical knowledge and development of critical thinking skills are important aspects of this course.					
授業の進め方・方法	Students will activate existing vocabulary and expand working vocabulary using vocabulary acquisition tools. Students will increase reading speed and comprehension through extensive reading. Students will expand critical thinking and communication skills through communicative tasks. Students will improve writing and public speaking skills through presentations.					
注意点	Students will be assessed through tests and exams [60%], classroom activities (participation and short presentations) and homework tasks (including 150,000 words of extensive reading and mastery of all WordEngine vocabulary) [40%] Assessment will carefully consider student achievement in regards to the aims of the course including comprehension and expression of technical knowledge.
