学科の到達目標項目との関係							
教育方法等							
概要	・ The course is conducted in English. Students are expected to use (especially speak) English during lectures. ・ The course is conducted based on content-based/ task-based learning. Through thinking and doing many tasks, students are expected to improve upon their English. ・ The course encourages rich interactions among an instructor and students to improve oral communication skills in English.						
授業の進め方・方法	This course is highly dependent on speaking and listening in English. As the classes are student-centered, participation is mandatory. The oral interview tests will be based on content covered throughout the course. In addition, you will be creating resumes, cover letters, and outlines of your research in English.						
注意点	Supplemental Materials will be provided by the teacher. Students should prepare documents related to their research area.
